

September 24, 2018

Dear Valued Customer,

We have been informed by our resin suppliers that a previously announced price increase will go into effect September 1, 2018. This increase is driven by a combination of strengthening global demand, escalation of the cost of ethane feed-stock, and continued supply chain inflation.

As a result, Berry Global will implement a 3%-5% price increase on all **Stretch Film** products. This increase will take effect with all orders placed on or after October 8, 2018. Berry Global reserves the right to limit the size of orders to historical quantities to better serve the anticipated demand of our customers. Orders must call for immediate delivery.

Berry Global will work closely with you to manage the impact of these price adjustments and keep you abreast of changing market conditions. Your local sales professional is always available to answer any questions you may have.

Thank you for your business and continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Patrick", written in a cursive style.
